Practical Education for Nurses – Chronic Disease Self Management (CDSM)

Newsflash

There will be a mini trade show at this event. You will have the opportunity to meet and gather information from organisations who are able to support you and your patients.

What are the implications for health professionals in General Practice?

- With an increased prevalence of chronic illness the burden of disease is weighing heavily on General practice. This calls for a change in our philosophy of care, to enhance the delivery of health services to our patients with chronic conditions.
- General Practice is required to play an integral role in improving the quality of life for people with chronic disease.
- The solution is to embrace a new way of thinking about managing chronic conditions (WHO 2002).
- **Date & Time:** Tuesday 20th April from 7am – 8am for Continental breakfast OR Wednesday 21st April from 5.30pm – 6.30pm for a light meal
- **Venue:** Kingston Butter Factory, Milky Way Lane, Kingston.
- **Contact:** Bralma Hine at SPHN on 3290 3733

Linking Indigenous People (LIP) Program

- **Contact:** Tamara Nikolaou at SPHN on 3290 3733.

enhancing health together

Lighten Up

Lighten Up is an eight week group based healthy lifestyle program which emphasises making healthy food choices, being physically active, setting realistic goals, increasing self esteem and managing stress. Two programs will commence shortly within the Logan area with times and dates as follows:

- **Date & Time:** Monday's 19th April from 9:00 – 11:00am at the Browns Plains Community Health Centre, Wineglass Drive
- **Date & Time:** Friday's 30th April from 10:00-1:00pm at Jimboomba Community Care Association.

We are currently taking referrals for this program so if you have any patients that may be interested please contact Erin Lumby at SPHN on 3290 3733 or e: lumby@sphn.org.au.
